Dangly Czech Glass Bracelet & Earrings

Bracelet

- 16 8mm neon lime beads (GP10-91)
- 16 8mm neon tangerine beads (GP10-93)
- 64 4mm black beads (GP3-6)
- 32 headpins (JF18-5)
- 1 jump ring (JF16-5)

- 1 large lobster clasp (JF84A-5)
- 20 cms black chain (C6-6)

Make a dangle by threading a black bead, neon bead and another black bead on a headpin and making a loop. Make 16 of each colour. Leave 2 links and then attach them to every other link of the chain, alternating the side you attach them to. Check for length and then cut the excess chain, leaving 2 links. Use the small jump ring to add the lobster clasp to one side and attach the larger jump ring to the other side. This makes a bracelet just over 20 cms long.

Earrings:

- 4 8mm neon lime beads (GP10-91)
- 2 8mm neon tangerine beads (GP10-93)
- 8 4mm black beads (GP3-6)

- 1 pair fish hook earrings (JF57-5)

For each earring make a neon green dangle as before. Cut the head off a headpin and make a loop and thread on the beads for an orange dangle. Make a loop and attach it to the loop of the green dangle. Make another loop at the top to attach it to the earring wire.

Variation:

For a necklace just use a longer length of chain and attach the dangles to the same side of the chain.
