- Miyuki Round Rocailles (RR 11/0) Black
- Toho Round 8/0 Metallic Rainbow
- Toho Demi Round 11/0 Gold Ld Rainbow Crystal
- Crystal TearDrop 1, 5 cm (1 pcs)

- The first step in making the earring is to "dress" the crystal, which is a 12 mm rivoli. The base is made of 36 Miyuki Delica 11/0 beads.

1

- The working technique is peyote. The first row is also worked with Miyuki Delica 11/0 beads and the next 2 rows with Miyuki RR 15/0 beads.

2

3

- After the front of the crystal is ready, go to the back and work the first 3 rows with Miyuki RR 15/0 beads.

4

- It is preferable to cover the entire back of the crystal to avoid damaging it.

5

- Return to the crystal face. You will work in every available space. Thread a Toho Demi Round 11/0 onto the needle and follow the arrow.

6

1 Toho Demi Round 11/0

- Insert a star and a Miyuki RR 15/0 bead onto the needle. Return the needle through the star, keeping the Miyuki bead at the tip of the star. Be careful of the position of the star when you take it onto the needle. Always with the tip up.

7

- Insert the needle into the next bead from the bottom. After you exit, pick up a Toho Demi Round 11/0 and follow the arrow.

8

- Again, take a star and a Miyuki RR 15/0 bead on the needle. Keeping the Miyuki bead at the top of the star, return the needle through the star and enter the bead at the base.

9

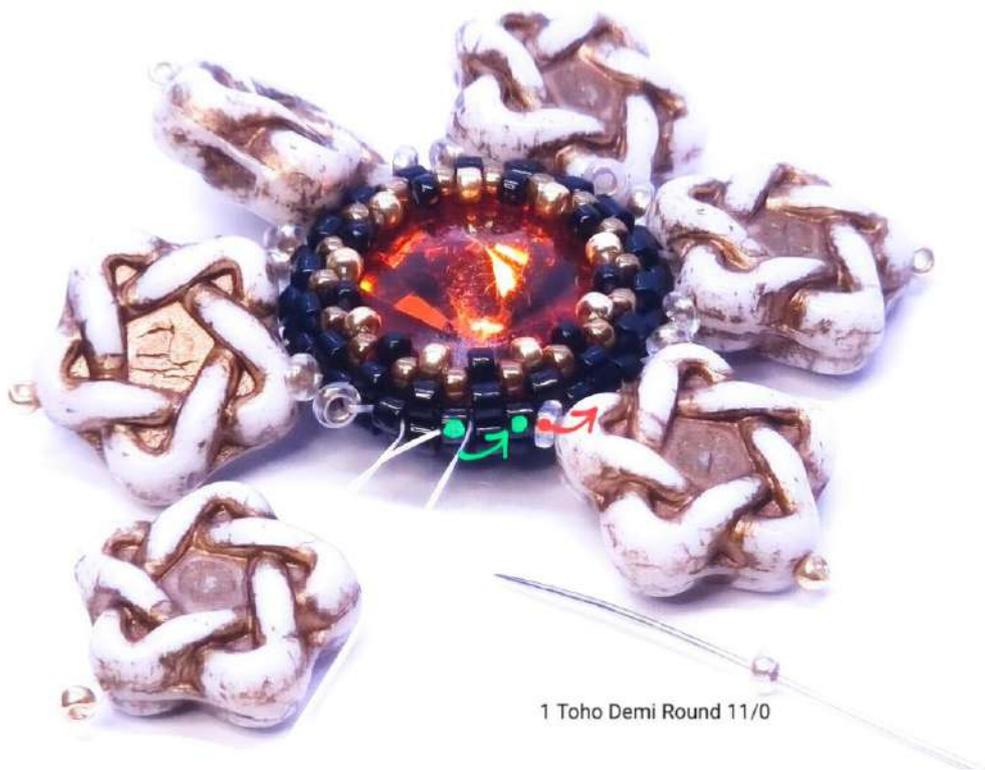

- Insert a new Toho Demi Round 11/0

10

- Repeat all the steps above on the entire surface of the crystal. After you have inserted the last Toho Demi Round 11/0, exit the needle through the first Toho inserted, the one at the base of the first star.

11

- Insert 2 Miyuki RR 15/0 and 1 Miyuki RR 11/0 beads onto the needle (the transparent ones are marked in yellow). Insert the needle into the Miyuki Delica 11/0 bead at the base, the one right in the middle of the star. Bring the needle out right after it.
- **The green arrow shows the step to be taken.*

12

- Insert 1 Miyuki RR 11/0 and 2 Miyuki RR 15/0 beads onto the needle. With them on the needle, enter the Toho Demi Round 11/0 bead at the base of the star.
- Exit it and insert the needle into the next Toho Demi Round 11/0 bead at the base of the next star.

13

- Repeat the steps as for the previous star. Put 2 Miyuki RR 15/0 beads and 1 Miyuki RR 11/0 transparent beads on the needle.
- Insert the needle into the Miyuki Delica 11/0 bead at the base. Be careful about the order of the beads on the needle.
- Always in the middle of the star, at the base, you should have the transparent beads.

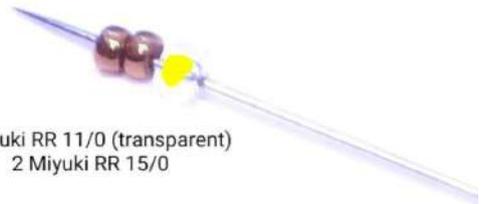

14

15

1 Miyuki RR 11/0 (transparent)
2 Miyuki RR 15/0

- After inserting the last group of beads, pass the needle through all the marked beads and exit between the 2 Miyuki RR 11/0 beads, transparent.

16

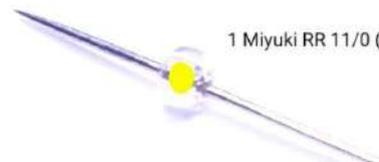

- Between the 2 Miyuki RR 11/0 beads insert a black Miyuki RR 11/0. Exit with the needle after the 2 Miyuki RR 15/0 beads.

17

- Between the 2 groups of Miyuki RR 15/0 beads insert a transparent Miyuki RR 11/0. Exit the needle at the base of the next star, between the 2 transparent Miyuki RR 11/0 beads. See the arrows!

18

1 Miyuki RR 11/0 (transparent)

- Between the 2 Miyuki RR 11/0 beads insert 1 black Miyuki RR 11/0. Exit with the needle after the 2 Miyuki RR 15/0 beads.

19

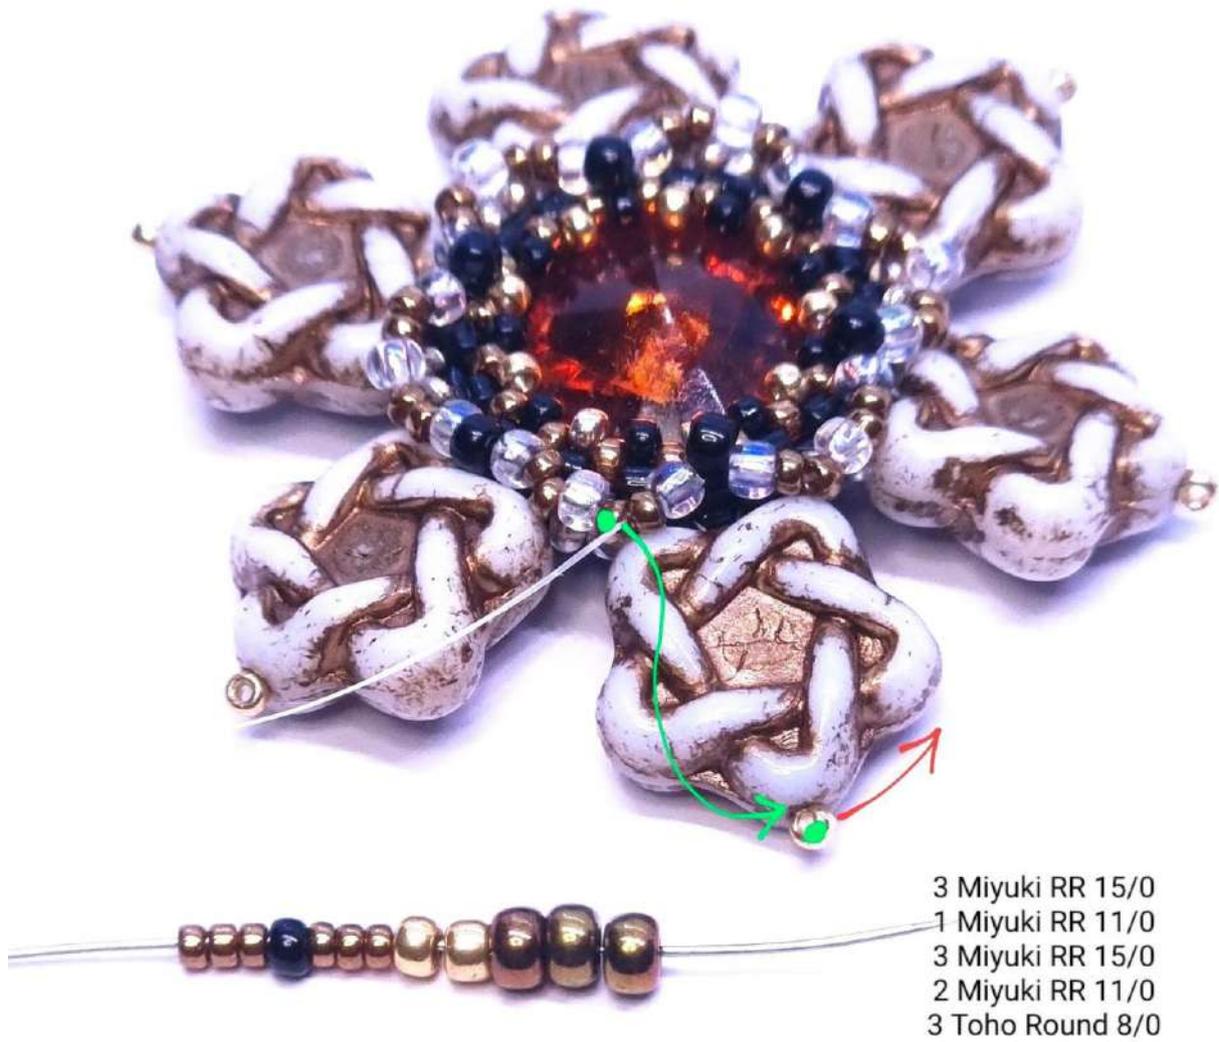

- Repeat the steps across the entire surface of the crystal. After inserting the last Miyuki RR 11/0 (see green arrow), pass the needle through all the marked beads.
- Bring the needle out between the 2 stars, after the transparent Miyuki RR 11/0 bead, through the first bronze Miyuki RR 15/0.

20

- Thread the next group of beads onto the needle. Insert the needle into the Miyuki RR 15/0 bead at the top of the star.

21

- With the same group of beads, but in reverse order, thread the Miyuki RR 15/0 bronze bead next to the transparent one. See the green arrow!
- You return with the needle through the Miyuki RR 11/0 bead and the bronze 15/0 bead between the 2 stars.

22

3 Toho Round 8/0
 2 Miyuki RR 11/0
 2 Miyuki RR 15/0
 1 Miyuki RR 11/0
 3 Miyuki RR 15/0

- With 2 Miyuki RR 15/0 beads on the needle, pass the needle through the group of beads consisting of Miyuki RR 15/0, Miyuki RR 11/0 black and Miyuki RR 15/0
- between the 2 stars .

23

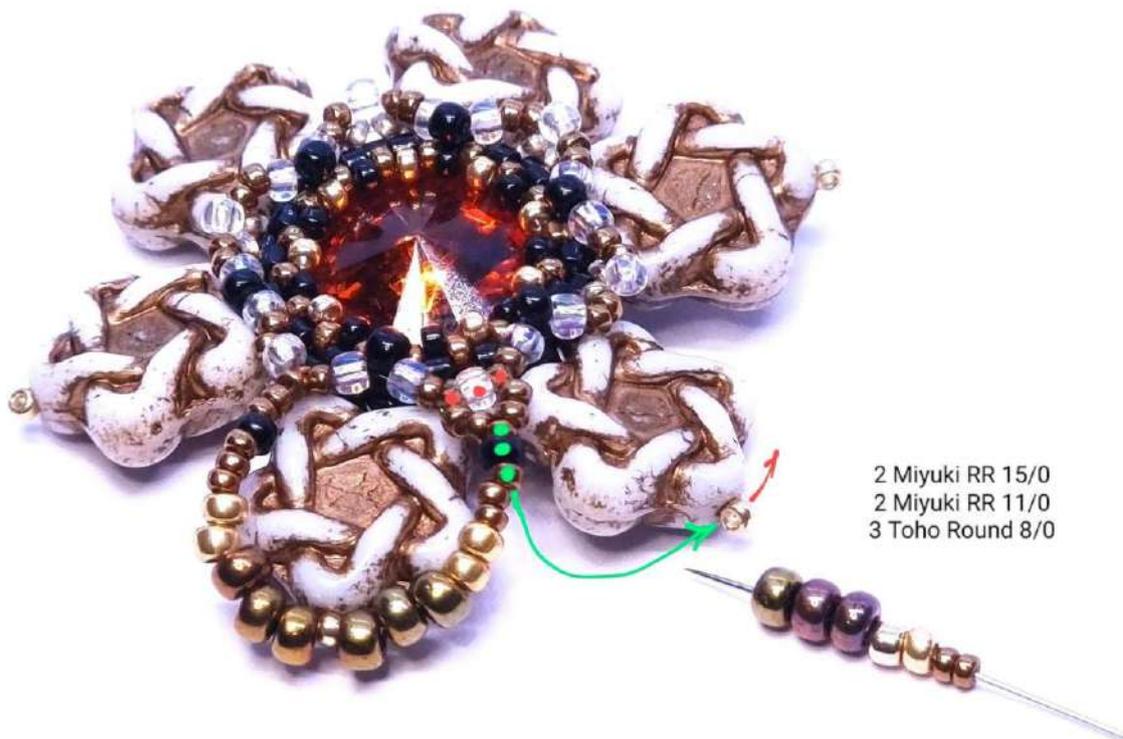

2 Miyuki RR 15/0

- After you exit the group of 3 Miyuki beads, take 2 Miyuki RR/0 beads, 2 Miyuki RR 11/0 beads and 3 Toho 8/0 beads on the needle and enter the Miyuki bead at the tip of the next star.

24

- Put the next group of beads on the hook. Insert the needle into the group of beads at the bottom. See the green arrow!

- 3 Toho Round 8/0
- 2 Miyuki RR 11/0
- 3 Miyuki RR 15/0
- 1 Miyuki RR 11/0
- 3 Miyuki RR 15/0

- Put 2 Miyuki RR 15/0 beads on the needle and pass through the group of 3 marked Miyuki beads.

26

- After you have exited the group of beads, pick up 2 Miyuki RR/0, 2 Miyuki RR 11/0 and 3 Toho Round 8/0.

- Insert the needle into the Miyuki bead at the tip of the star.

27

2 Miyuki RR 15/0
2 Miyuki RR 11/0
3 Toho Round 8/0

- Repeat the steps over the entire surface of the crystal.

28

- After you have connected the last 2 stars, bring the needle out at the tip of the next star.

29

- Insert 3 Toho Demi Round 11/0 beads into the top of the star. Pass the needle through all the marked beads and exit after the first Miyuki RR 15/0 bronze bead.

30

- Between the 2 bronze Miyuki RR 15/0 beads, insert a transparent Miyuki RR 11/0 bead. Pass the needle through all the marked beads and exit at the tip of the next star.

31

- At the top of the star, insert 3 Toho Demi Round 11/0 beads. Exit with the needle after the marked beads.

32

- Between the 2 stars insert 1 Miyuki RR 11/0 transparent. Exit with the needle at the tip of the next star.

33

- You can attach the earring hook. Continue adding beads over the entire surface of the crystal.

34

- You can also add the crystal drop. Take 3 Miyuki RR 11/0 beads, the crystal, 1 Miyuki RR 11/0 seed bead and 3 Miyuki RR 15/0 beads.
- You return with the needle through the crystal, keeping the 3 Miyuki RR 11/0 beads at the tip of the crystal. See the arrows!

35

- After you have attached the drop crystal to the earring, pass the needle through all the marked beads once more.

36

- When you reach the drop crystal again, insert a Toho Demi Round 11/0 bead (marked in yellow) between the 2 Miyuki RR 15/0 beads (beads marked in green).
- Now you can weave the thread because the earring is finished and has very good stability.
