SPARKLING NOTEBOOK SET

PICTURED PRODUCTS:

Chaton Rose MAXIMA / Sizes ss16 and ss12

Coating:

Crystal Antique Pink

EXPERT TIP #1

Ensure your notebook and pen are clean and dry. Apply a thin layer of a clear, fast-drying glue to a small section of the notebook cover and apply the crystals one by one until the whole section is covered.

Work in small sections to prevent the glue from drying too quickly.

EXPERT TIP #2

For the notebook, place crystals in neat rows (we used size ss16), pressing gently to ensure they adhere. Continue until the entire surface is covered, making sure the crystals are aligned neatly.

For the pen, work in very small sections to prevent sliding. Place each crystal snugly against the next for tight coverage. Rotate the pen as you go, allowing each section to dry before moving on.

Use tweezers or a wax picker to position crystals precisely.

EXPERT TIP #3

Allow the glue to dry completely before using your new sparkly set.

Enjoy the shimmer!
