There can never be enough patterns for fun Christmas decorations. Preciosa Ornela presents a simple tutorial for the simple creation of an additional decoration for blown Christmas baubles. They can be dressed in a fine seed bead net. Try the classic beadworking sewing technique improved by the use of the multifunctional PRECIOSA Twin™ two-hole seed bead. We wish you happy Christmas beadworking.

 PRECIOSA rocaille (R)  
331 19 001; 10/0; 78102; 1110x

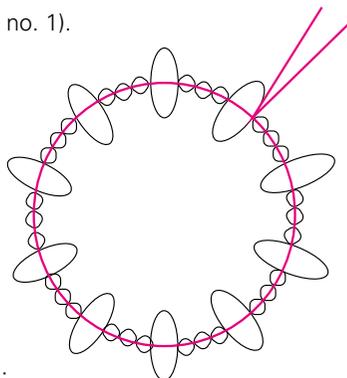

a fine stringing needle, a 0.20 mm line, flat nosed pliers, scissors, an 8 cm diameter glass bauble

Difficulty: 

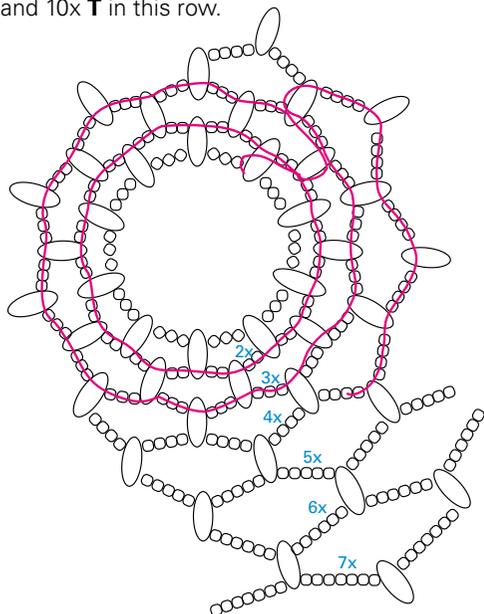

### Procedure:

The following description can be used to create a net, into which a blown bauble is placed and then enclosed. Create two identical parts of the net and join them together.

Step 1:  
String 10x **T** with 3x **R** between each one.  
Tie both ends of the line and create a circle (figure no. 1).

Step 2:  
Pass the line through the second hole of the last **T**. Then string 2x **R**, 1x **T** and 2x **R** and continue in the same way to the end of the row and pass the line through the first two added **R** and one **T** once again according to the illustration and start the stringing of the next row (figure no. 2). Add a total of 40x **R** and 10x **T** in this row.

Step 3:  
Add one more **R** in each following row, but otherwise proceed in the same way as in the second row. Add 10x **R** between each of the individual **T** in the ninth row.

Step 4:  
Create two nets according to this tutorial.  
Place them onto a glass Christmas bauble from the adjacent sides and join both halves in the same way as in the ninth row.
