# UMBEL

DECORATIVE ELEMENT FROM PRECIOSA Ripple™  
AND PRECIOSA Forget-Me-Not PRESSED BEADS

PRECIOSA ORNELA introduces the PRECIOSA Ripple™ pressed bead under its PRECIOSA Traditional Czech Bead brand. A round, 12 mm bead with a centrally placed hole, both sides of its surface ripple softly like the wind on a lake's surface. Its undulating exterior brings metallic – both matt and shiny – to life. Its center hole makes it perfect for stringing or sewing with seed beads, more delicate fire-polished beads, or in this case with another flat double sided bead in the shape of a forget-me-not.

**Materials and tools:**

Wire – 0.3 mm, Wire Cutters, Flat-Nosed Pliers, Ruler, Floral Tape – 13 mm

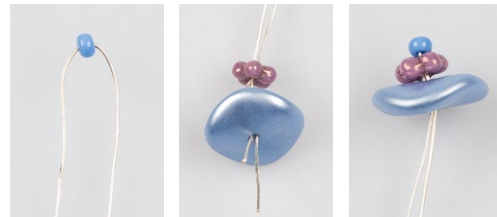

Difficulty:

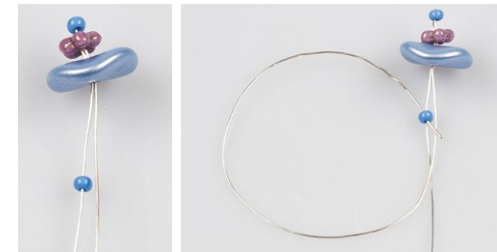

**Procedure:**

**Flower**

1. Cut off approximately 20 cm of wire and fold it in half. Pick up 1 **R10** and place it in the fold. Add a 1 **FMN** and 1 **Rip** to both ends and pull them tightly against the **R10** in the fold.

2. Pick up 1 **R10** with one side of the wire. Thread the **R10** with the other end of the wire, but in the opposite direction. Carefully move the **R10** right up against the **Rip**.  
3. With the flat-nosed pliers take both ends of the wire while you hold the **Rip** with your hand. Twist the wires with the pliers several times, affixing the flower in place.

**Flower bouquet**

Take several flowers (here we use 10) and put them all together in a 'bouquet'. Twist all the wire stems together so they hold as a bunch. Cut the ends of the wires together to even the bottom. Use the bunch as a decorative element.

**Brooch**

Start winding the floral tape around the wires of the bouquet (you will need approximately 50 cm) near the flowers. After several turns add a safety pin (or brooch clasp) and keep winding the tape around both the pin and the flower stems. Shorten the stems to approx. 9 cm in length and wind the tape around the bottom of the wires. Continue to wind the tape back up to the flowers.
