Material : Necklace 45 cm

- 82 Arcos® par Puca®
- 50 Ilos® par Puca®
- 26 Minos® par Puca®
- 12 los® par Puca®
- Seed Beads 15/0, (SB15), 11/0 (SB11)
- 1 Clasp
- Fireline 0.12

1) Add in the alternation 4 Ilos and 4 SB15

2) Go back around through the beads that you strung in the first step and exit through SB 15

3) Add 1 SB15, 1 Arcos, 3 SB15, 1 SB11, 3 SB15

4) Go through the 3rd hole of Arcos, add 1 SB and pass through the SB15 in opposite side of Ilos. Repeat steps 3 and 4 for all the Ilos

5) Now you will have this. Go out through the top SB11

6) Add 3 SB15 and pass again through the SB11 to make a loop. Then pass through the next 3 SB15

7) Add 1 SB11, 1 los, 1 SB11. Pass through the 3 SB15 and SB11 above the next Arcos

8) Repeat step 6

9) Add 1 SB11, 1 Minos, 1 SB11 and pass through the 3 SB15 and SB11 above the next Arcos

10) Repeat step 6 to step 9 in alternation. Go out through the SB11 before the Minos

11) Add 5 SB15, go around Minos and pass through the opposite SB11

12) You must have this for now. Your 1st element is finished

13) The next element must be connected by the first through los

14) Repeat step 1 to step 13 until you will have 8 elements (for a 17 cm bracelet)

15) With a thread pass through the entire upper part of the necklace, connecting the two SB15 like in the picture

16) Following the same pattern, make an element only with 3 Ilos and Arcos. The difference is that above an Arcos, an SB8 is added instead of SB11

17) Exit through the next 3 SB15 after SB8. Add 1 SB15, 1 SB11, 1 Minos, 1 SB11, 1 SB15 and pass through the next 3 SB15 and SB11 above the next Arcos

18) Repeat step 6. Connect the element through the Ilos. Repeat again step 6 and step 20 then go out through the SB8

19) Add 3 SB15, 2 Arcos and 3 SB15. Tie the beads in a circle passing again through the SB8. Pass twice through the same group of beads to strengthen

20) Exit through the 1st hole of Amos

21) Add 7 SB15 and pass through the 3rd hole of Amos

22) Repeat step 24 for the 2nd Arcos

23) Pass through the beads around Arcos. Add 3 SB15, 1 SB8, 3 SB15 and pass to the beads around to the next Arcos

24) Pass again through the beads around the 2 Arcos

28) Now you will have this. Repeat step 22 to step 27 to make more elements. For a short necklace you must have 8 elements

29) You made the first side of the necklace. Repeat steps 19 to step 27 for the other side of the necklace

30) Now you can add the clasp. You have finished the "Ysaline" necklace

Happy Beading!
Thank you for respecting my work.
